- Lively and informative meetings 3rd Monday of each month
- Network with local EAA members & active aircraft builders
- Benefit from technical expertise of our experienced members
- Support Young Eagles & Pilot Education Events
- Aviation scholarships, group flyout/drive out activities and much more...

Members include homebuilders, restorers, balloonists, owners of antique, classic and production airplanes, RC aircraft and drones. Pilots and non-pilots are welcome. Students pilots and those just passionate about aviation are always welcome.

EAA (Experimental Aircraft Association), Oshkosh, Wisconsin (the Parent Organization) requires that Chapter 643 Members also have an active membership with the parent organization. The benefit of this is that we get Liability Insurance for our public affairs events but the advantages of EAA membership are numerous and very worthwhile for our members.
